

Tobacco Habit Dangerous

says Doctor Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up-to-date drug store and get some Nicotol tablets; take them as directed and let the nicotine habit quickly vanish. Druggists refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor, soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotol tablets; you will be surprised at the result.

WEDDING.

Tolland—Bragaw.

Miss Marion H. Bragaw and Captain Girard B. Tolland, both of New London, were united in marriage at a military wedding at the First Church of Christ there at 6 o'clock Saturday evening. Rev. J. J. Romney, pastor of the church, performed the ceremony.

The bride was attired in a gown of white satin, wearing a veil which was caught up in front with wings of ermine and the end weighed with ermine. She carried a shower bouquet of bride's roses, orchids and lilies of the valley.

Miss Helen M. Bragaw, daughter of Mr. and Mrs. Cyrus W. Brown, of New London, was maid of honor. She wore a gown of chiffon, shaded from light lavender to deep purple. The bridesmaids were Miss Irene P. Swift and Miss Ruth E. MacMillan of Pine Point, roommates of the bride at Pine Manor college.

Miss Muriel H. Johnston of Elmhurst, N. J., a cousin of the bride and Miss Katherine L. Tolland, sister of the bridegroom, were given bouquets of light lavender and arm bouquets of yellow chrysanthemums.

The bridegroom was attended by Lieut. Alexander H. Pease, infantry, as best man, and the ushers were Lieut. John R. Bethea, Jr., Coast Artillery corps; Lieut. James D. Summers, Coast Artillery corps; Capt. Daniel C. Pease, Coast Artillery corps; and Capt. John Paul Dean, engineers.

Returning from the altar the couple passed under an arch of swords held by the army officers. The church was decorated with white and pink flowers, and the bride's train was carried by the bridesmaids.

CHOOSE LEADERS FOR C. OF C. CAMPAIGN

the war driven and was in charge of the military census taken in 1917. He was also at the head of last year's Y. M. C. A. campaign. Frank L. Arnold has an enviable record in connection with all the war drives and was especially prominent in the recent successful campaign conducted by the Central Baptist church to raise a \$30,000 fund.

Even a cursory glance at the respective records of these men is enough, the leaders feel, to give new life and hope to the longest faced doubters, as to the outcome of the present Chamber of Commerce campaign, which it is asserted will have a more vital effect upon the future of this city than any three previous campaigns put together.

In this campaign will be heard the unmistakable voice of the city calling men to her service. The problems they will be asked to solve will be the concrete problems of the city here and now, affecting directly the lives of the men and women and children who are living here now and those who will live here in the years to come. In other words this will be a campaign of a personal matter with each resident of Norwich than has been the case in any preceding campaign, the issue will be definitely drawn. The time has come when Norwich, so affectionately termed the "Rose of New England," wants to know whether she is to join the ever increasing column of New England cities, contentedly and persistently advancing because of the community leadership developed through their Chambers of Commerce, or whether the Rose will droop and wither and the city be compelled to join the stragglers always in the rear and in the way.

The plan of team organization was briefly outlined at campaign headquarters Saturday. Mayor Lerou, who will be referred to as Colonel during the rest of the campaign, will head the army of workers. There will be four divisions headed by the four majors above named. Each major will have in his division six teams, each team consisting of a captain and five members. The city will make a total of 125 alive and wide awake men, representing every interest in the city, who will give a part of their spare time during the four days of the intensive drive to the business of bringing in person, to the citizens of Norwich, the opportunity of joining the greatest organization that the city will ever have.

The city will be divided into four districts, one of each major, in such a way that no division will have its share of the business section as well as the residential sections. Each of these four districts will be further subdivided by the captains, who will be selected among their captains. The prospect cards will then be parceled out among the teams in accordance with the geographical sections, so that each worker will be given an even group of cards containing the names and addresses of each prospect he is to call upon. These cards are so made up that definite reports are turned in to the campaign headquarters by the executive committee at the conclusion of each day's work.

The daily reports of the teams will be made at the noon hour, the time when it is planned to hold each day of the intensive drive, more complete details of which will be published within a few days.
